

JH-L1535

Long-range Laser Rangefinder

L1535 Long-range laser rangefinder

Laser rangefinder	3km
Optical magnification	7x
Digital magnification	1-4x
Laser ranging accuracy	± 1m
Laser wavelength	1535nm
FOV	6.5°
Precision	98%
Objective lens	35mm
Memory	Built-in 64G
Brightness control	Adjustable
Fog penetration function	Yes
Measurement time	0.1-3s
Repeat frequency	20time/min
Crosshair	8types, could be customized
Crosshair color	White, black, yellow, green, blue, red
Crosshair reset to zero	Yes
Display	Coloring OLED, 0.6inch/1920x1080
Diopter	± 5SD
Exit pupil distance	26mm
Distance data storage	2000
E-compass	Yes
Location	Yes
Target location	Yes
Working time	20000times
Weight	790g(w/o battery)/900g(with battery)
dimension	177x107x75mm(include eye cover)
Operating temperature	-20℃~50℃
Storage temperature	-40℃~60℃
Protection	IP67
